

# TERRAform

Garden adapted for people with reduced mobility  
Registered trademark

## The TERRAform casing is sold in a kit or both separately

The casing is made of polyethylene, both recycled and 100% recyclable (to optimize the transport costs, we recommend ordering in multiples of 5 units of casings which is one pallet)

The sides are made from Douglas-Fir coming from French forests, untreated and sustainably produced (PEFC certified) (manufacturing instructions available)

| Prices<br>for information only* | £ (GBP) | \$ (USD) | \$ (CAD) | \$ (AUD) | €        |
